

Department of Foreign Trade Notification  
on the Initiation of an Anti- Dumping Investigation on  
Certain Hot Dip Plated or Coated with Aluminium Zinc Alloys of Cold Rolled Steel  
Originating in the People's Republic of China, the Republic of Korea and Chinese Taipei  
B.E. 2554 (2011)

---

Whereas the Committee on Dumping and Subsidy under the Anti-Dumping and Countervailing Act, B.E. 2542 (1999) determined on 1 July B.E. 2554 (2011) that the petition as lodged under Section 33 of the Anti-Dumping and Countervailing Act, B.E. 2542 (1999) by the Thai Coated and Painted Steel Association requesting for the initiation of an anti-dumping investigation of certain hot dip plated or coated with aluminium zinc alloys of cold rolled steel originating in the People's Republic of China, the Republic of Korea and Chinese Taipei demonstrates sufficient *prima facie* evidence regarding dumping and injury to justify the initiation of an investigation.

As statutorily provided in Section 37 and Section 39 of the Anti-Dumping and Countervailing Act, B.E. 2542 (1999), the Department of Foreign Trade herein initiates an anti-dumping investigation as follows:

1. The subject merchandise under consideration covers certain hot dip plated or coated with aluminium zinc alloys of cold rolled steel originating in the People's Republic of China, the Republic of Korea and Chinese Taipei classified under the Thai Customs Tariff Code attached herewith.
2. Dumping and Injury determination: The Committee on Dumping and Subsidy has examined and determined that the petition submitted by the Thai Coated and Painted Steel Association contains sufficient *prima facie* evidence to demonstrate that there has been dumping of the subject merchandise originating in the People's Republic of China, the Republic of Korea and Chinese Taipei and that such dumping has caused injury to the domestic industry as follows:

## 2.1 Dumping Margin

2.1.1 The subject merchandise originating in the People's Republic of China is *prima facie* dumped at a margin of 26.22 % C.I.F. price.

2.1.2 The subject merchandise originating in the Republic of Korea is *prima facie* dumped at a margin of 22.55 % of the C.I.F. price.

2.1.3 The subject merchandise originating in Chinese Taipei is *prima facie* dumped at a margin of 39.12 % of the C.I.F. price.

## 2.2 Injury

The domestic industry has materially been injured by the imports of the subject merchandise when considered:

2.2.1 the increasing imports of the subject merchandise from the People's Republic of China, the Republic of Korea and Chinese Taipei;

2.2.2 the effects of such imports on prices and on the overall performance of the petitioner.

- 3 The investigating procedures: The Department of Foreign Trade shall send questionnaires to the interested parties known to exist for a purpose of gathering information for the investigation. Interested parties who do not receive questionnaires but wish to cooperate in this investigation should send a written request for questionnaires from the Department of Foreign Trade within **fifteen days** from the date of publication of this notification in the Royal Gazette.
- 4 Presentation of facts and opinions: Interested parties may, in writing, present facts and opinions or notify the Department of Foreign Trade of their intentions to give an oral presentation of facts and opinions within **thirty days** from the date of publication of this notification in the Royal Gazette.
- 5 Request for information: Those who wish to receive information relating to this investigation may make a request to the Bureau of Trade Interests and Remedies, the Department of Foreign Trade at 44/100 Nonthaburi 1 Road, Nonthaburi 11000. Tel : +662 547 8080-2 Fax : +662 547 4741. All fees required are specified in the Ministry of Commerce Notification on Anti-Dumping and Countervailing (No.6) B.E. 2544 (2001).

This notification is made on 4 June B.E. 2554 (2011).

(SIGNED) Manat Soiploy  
(Mr. Manat Soiploy)  
Director-General

The Attachment to the Notification of the Department of Foreign Trade  
 On the Initiation of an Anti-Dumping Investigation on Certain Hot Dip Plated or Coated with Aluminium Zinc Alloys of Cold Rolled Steel  
 Originating in the People's Republic of China, the Republic of Korea and Chinese Taipei  
 B.E. 2554 (2011)

HS-CODE	Statistic Code	Description
7210.61.10	012	Hot dip plated or coated with aluminium zinc alloys, containing by weight 50% or more but not more than 60% of aluminium, of cold rolled, regular spangle, of a thickness exceeding 0.8 mm but not exceeding 1.2 mm
	013	Hot dip plated or coated with aluminium zinc alloys, containing by weight 50% or more but not more than 60% of aluminium, of cold rolled, regular spangle, of a thickness exceeding 0.6 mm but not exceeding 0.8 mm
	014	Hot dip plated or coated with aluminium zinc alloys, containing by weight 50% or more but not more than 60% of aluminium, of cold rolled, regular spangle, of a thickness exceeding 0.3 mm but not exceeding 0.6 mm
	015	Hot dip plated or coated with aluminium zinc alloys, containing by weight 50% or more but not more than 60% of aluminium, of cold rolled, regular spangle, of a thickness of 0.18 mm or more but not exceeding 0.3 mm
	019	Other, hot dip plated or coated with aluminium zinc alloys, containing by weight 50% or more but not more than 60% of aluminium, of cold rolled, regular spangle
